**CHULUAQUI QUODOUSHKA**  
A Shamanic Approach to Spiritual  
Sexuality

A transformative series of shamanic teachings, guided exercises and ceremonial experiences.

Imagine that sex is natural, sacred and beautiful.

*Experience how the gift of your sexuality is your most powerful resource for full self expression, health, hope, happiness, harmony and humour.*

Residential program in The Country Place Retreat, set in 6 acres of magnificent gardens, in the beautiful Dandenongs, Victoria, only 40 minutes east of Melbourne.

**Quodoushka 1: October 15 - 18 for singles and couples**

The first level of Quodoushka is all about you! Your own sexuality and how this incredible “catalyst” energy is actually life itself. Through the shamanic wisdom of an ancient Matriarchal Medicine Society you will learn about energy laws that govern everything we do, starting with the beauty and power of your own sexual energy.

Through your understanding that male and female sexual energy is the source of all creation and inspiration, you will learn how to apply the power of this in your everyday life for gains in your happiness, humour, hope, health and harmony. As you learn how to raise your sexual energy you’ll discover the gateway to connection and spirit – and even come to understand that your sexuality can become your natural blissful path towards enlightenment.

Illuminated teachings take you on a journey of discovery of all the levels and elemental types of orgasm. Discover how your inner elemental balance determines how you experience them. You’ll discover your own “genital sense of self” and learn how that influences your personal experience of pleasure.
